office
chair

The chair that's at your service: Adjusts. Bends. Supports.

One of the things that every hard working employee deserves is a good chair that will support the body at all times.

Greta 2.0 is a uniquely designed and highly flexible chair that lets the user adjust posture even while sitting.

You can easily customise it to your specific body size and to different tasks. It comes with an adjustable headrest, armrest, lumbar support making it highly flexible and comfortable. Greta 2.0 takes the stress out of sitting during those late nights of work.

Seat your office for wellness

Nothing looks and performs better than a happy, healthy team in a thoughtfully designed work environment. With flexibility at its core, Greta 2.0 offers a richer, more relaxing work experience for hours. From ergonomic design with contoured edges to adjustable lumbar support, this chair has everything you need to focus, sit up, stretch, lounge and of course, work.

With its range of 6 vibrant colour combinations, Greta 2.0 also helps you amp up the good vibes in your workspace.

When you move, it moves with you!

Greta 2.0 moves as you do. It is designed to support all work postures. With a host of adjustable features, you can be sure of working in relaxed comfort all day long.

With its design anatomy inspired by variable support for your back, arms, shoulders, it lets the users move

from focussed independent work to driving hi-powered meetings – without having to shift chairs.

High on flexibility and a delight to look at, Greta 2.0 is the preferred chair for the contemporary office spaces!

The many angles of comfort

Now, finding that right posture for inspiration is easy. Greta 2.0 comes with 'ActiLumbar' – Lumbar support which flexes its shape based on the posture and recline position of the user. This offers the user a dynamic lower back support. No more kneeling down or leaning back to adjust the levers to shift positions.

The lumbar pad is height adjustable and lumbar depth gets adjusted automatically based on the body posture and recline mode.

The innovative 'adjustables' of Greta 2.0

Always right behind you
Wider backrest supports the entire back when leaning back, sitting up straight and when leaning forward.

You move, the chair moves
Firm lumbar pad automatically adjusts lumbar depth, based on the body's posture and recline mode.

Inspired by the shape of you
Greta 2.0 headrest is deep contoured and is height adjustable. This provides support to neck and head zone at all times.

Armed for three-way support
Whether the user is typing, on a call or leaning back to relax; the Height, Depth and Swivel adjustability of the armrest offers optimum arm support.

A chair to lean on
Tilt tension automatically adjusts based on the user's body weight to provide required support. Be rest assured, there is no reverse push to the back in this chair.

Colours to complement global workspaces

The chair is available in a range of 2 frame colours and 3 colours of seat covers, giving you a choice of 6 colour combinations to pick for your spaces.

The range of colours span across the spectrum from classic to contemporary, making Greta 2.0 versatile and easy to blend in with different types of office styles and architecture.
