Enforcing Green at Every Step

Our sustainability goals are ambitious. We do not just talk, we walk the talk.

We take our work seriously because we know our products and services touch people, transform lives, and change the world.

When we add the element of sustainability and green living into what we do, we infuse hope giving life to the promise of a better future, not only for people but for the planet as a whole.

Grandeur Coffee Table

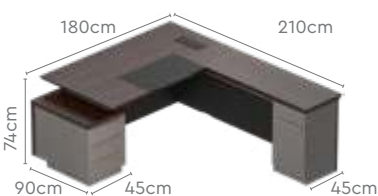

Grandeur Premium Suite

- Features**
- Truly modular design offers spacious main tables and ERUs with flexible configurations tailored to specific needs, including height-adjustable options for ergonomic flexibility.
 - Meticulous detailing with worktop featuring an overhang on all four sides for a sleek, modern floating effect. Rose-gold aluminium trims and premium accents across the entire suite deliver a cohesive and sophisticated look.
 - Integrated AV-ready power box with HDMI outlets reduces clutter and supports seamless connectivity. A range of back units, from low-height ERUs which can double up as back units to towering storage, ensure practicality and elegance.

Mars Range

Design Registered

(For Eco Mars)

Features

- The Mars auditorium chair upholstery on the seat and back contours uses a unique stitching technique that avoids glue usage on the fabric, thereby reducing VOC emissions.
- Features auto seat tip-up mechanism, and a Synchro Slide feature for user comfort.
- The Eco Mars auditorium chair comes with PU cup holder armrests that enable safe placement of drinks. It comes with caps to hide grouting bolts, and can be installed in both linear as well as curved layouts.
- Available in HB and MB variants.

Page 233

Desk-Based Systems

Workstations That Work As Hard As You Do.

In today's age of rapidly transforming businesses, workspaces are becoming increasingly dynamic.

A workspace is no longer just a place where people sit and work. It's an extension of our ideas, our personality, and the way we get our work done.

Our Modular Workstations are designed keeping in mind the needs of new-age workspaces, and provide next-gen furniture solutions that inspire optimum performance.

Let's get working!

Configuring Workstations

Panel-Based Systems

Panel-Based Systems add depth to your office space. Their contemporary designs are not only pleasing to the eye, but also highly flexible in nature. These allow for office layouts to be planned around existing oddities within the workspace.

- Wish
- Frontier
- Xpress Office
- Wall Full Height Partitions

Desk-Based Systems

Desk-Based Systems are workspace configurations with sliding worktops and monitor holders. These modules can be used for collaborative work when required, as well as individual focused work tables when not in a meeting mode.

- Dfine
- Reason
- Upbeat

Panel-Based Systems: Wish

Desk-Based Systems: Upbeat

Desk-Based Systems: Dfine

Panel-Based Systems:

Wish

Features

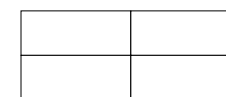

- A workstation with numerous configuration possibilities.
- This contemporary concept is not only pleasing to the eye, but also highly flexible in nature, allowing office layouts to be planned around existing oddities within the workspace.
- It's designed to be able to fit into any office layout, by creatively utilising even ungainly outcrops such as pesky columns into the design of the workspace layout.
- This capability of being highly accommodative is possible because of the ingeniously-crafted horizontal panels that comprise its structure.
- The sleek gapless panels with their proportional visual lines provide the workstations with a modern look and feel.
- Creative layout plans can result in a variety of looks for offices, such as a single colour monolithic look, a classic wooden look, a multi-coloured tiered look, an artistic acrylic finish, or even a post-modern transparent or translucent glassy look. Colours can be chosen from the Spectrum range to suit different needs.
- The panels are available in thicknesses of 23mm and 52mm with wire management features in the 52mm panels.
- The top band of the panels come in a versatile range of options, such as clear glass, frosted glass, laminate, white board, fabric and magnetic board with fabric.

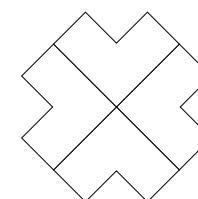

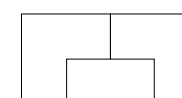

Table Configurations

Details

Panel-Based Systems: Xpress Office

Features

- Based on the Wish modular system, the new Xpress Office is a quick-buy option in modular office furniture, and a one-stop solution for all office interiors issues.
- Comes in four colour schemes to choose from, and with over 100 variants when different configurations and sizes are paired together.
- As all the upholstery and the switch-mounting provisions come assembled from the manufacturing plant itself, setting up an Xpress Office is quick and easy, needing only the installation of the modules at your location.
- With better delivery schedules and faster installation time, it is available in the EDP range of furnitures.

Panel-Based Systems: Frontier

Features

- The Frontier is the next step towards an all-modular workspace solution.
- Suitable for banking corporations with multiple branches across locations, as the Frontier is factory-finished, therefore allowing for all individual branches to have a uniform look and feel.
- Thoughtfully designed to ensure complete safety to the user as well as the visitor.
- Comes in a ready-to-install format from the manufacturing plant itself, thereby reducing the site completion timeline.
- Enjoy a clutter-free worktop, as it comes with provisions for concealed wiring in the panel itself.

Details

Modules available for different functions like:

- Cashier (7' standing interaction counter)
- Executives (sitting interaction counter)
- Manager modules

Panel-Based Systems:

Wall Full Height Partitions

Features

- This partition solution blends contemporary aesthetics with workspace comfort.
- It's a gapless, modular, full-height partition system, designed to provide an aesthetic appeal while also catering to the general functional needs of an office space. Applications include enclosed cabins in open plan offices, conference rooms and space dividers for different areas.
- Comes in an expansive collection of tile finishes and functions, enabling you to create spaces that enhance productivity.
- Has provisions for writing surfaces, display shelves, blinds, and a monitor mounting switch. It also comes equipped with an efficient wire management system within the panels.

Details

Desk-based Systems:
Reason

Design Registered

Features

- Reason Workstation combines our unique understanding of Indian consumers with globally-cherished designs, offering benching solutions, return units, sit-stand units, overhead storage units etc.
- Reason is the perfect solution for collaborative workspaces, with the sit-stand unit enabling seamless impromptu meetings.
- Comes with a concealed wire management system that provides a neat and clutter-free worktop.

Desk-based Systems:

Dfine

Features

- Whether traditional or future-ready, personalised or collaborative, stand-alone or on-the-go, Dfine provides a solution for all needs.
- Its modules can be used for collaborative work when required, as well as individual focused work tables when not in meeting mode.
- Comes with the provision for meeting pods within the workstation clusters, combined with the possibility of having marker surfaces as well as screen mounting facilities.
- The credenza provides ample storage space for files and stationery within easy reach, while also ensuring that there's room for the CPU or laptop bags.
- Can be structurally configured horizontally or vertically. Flatter layouts to foster team collaboration or taller layouts to convert cabins into private offices.

Grande Adv Dining Table

With Chair

Features

- The Grande Advance dining table is from our Dura-wood series dedicated to those who love the rustic charm and the warmth of solid wood furniture.
- The table boasts visible wooden grains and knot marks that are natural properties of Sheesham wood, creating a rich texture for an enhanced dining experience.
- The open space below the table facilitates easier cleaning. Chairs are well-cushioned for comfort seating.

Seating

Covalent

Features

- Formulated for success, Covalent lab furniture incorporates all the features of a modern lab while setting the stage for future expansion. Aesthetic, space-saving design promotes ergonomics, safety, and creates an environment conducive to learning.
- The flexible configuration of Covalent's modular design allows it to adapt to any desired lab layout with personalisation for individual and specialised use.
- Worktops can be arranged at differing heights to suit workflow. Removable frames and flexible height-adjustable reagent shelves free up working table space.
- Maximised storage utility with overhead cabinets for easy access, freeing up floor space. Option of additional cabinets in various modes – suspended, mobile, or sliding.
- Hygiene and safety combine in this stylish design. Work surfaces are easy to clean, resistant to chemicals and stains, and built to last long.
- The seamless construction contains spills. Shelf surfaces are removable for cleaning.
- The water splash guard in the sink area prevents water from splashing into surrounding areas.
- Access panels promote required service, inspection, and maintenance.
- Can be paired with revolving stools and the Scintilla High Chair with rolling coasters or fixed glides.
- Option of turnkey installation.

Fusion

Features

- The contemporary, cutting-edge Fusion lab furniture design is engineered to meet the precise needs of the scientific community. The world-class lab setting is sure to provide inspiration for budding researchers and scientists.
- Attention to every detail has been given to incorporate practicality, flexibility, and ergonomics for an effective learning environment.
- Flexible configuration of workbench: Corner setting maximises floor space. Wall setting provides a corner-to-corner continuum of workspace. Island setting facilitates group seating and collaboration.
- Adjustable height of workbench offers personalised ergonomic comfort.
- Prime quality CRCA steel
- understructure and superior powder-coated finish can bear the load of heavy equipment and is resistant to corrosion. Pure epoxy powder coating on storage surfaces minimises the risk of corrosion.
- Adjustable height reagent shelves accommodate a range of storage possibilities. Smooth and noiseless operation of drawers with high-quality drawer rails.
- Access panels in leg spaces have clips that can be used to remove the panel for temporary access to service lines. The back panel of storage units are removable giving access to service lines.
- Pair with ergonomically designed stools (revolving or stationary) or the Scintilla High Chair.
- Option of turnkey installation.

Resilience

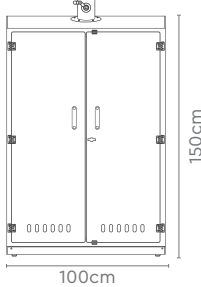

Features

- Resilience storage cabinets with full polypropylene (PP) construction are designed to safely store highly corrosive acids.
- Exhaust Provision: An air-duct at the back, inside the cabinet effectively extracts fumes when connected to exhaust. Louvres are provided on the front doors to allow inward flow of fresh air.
- Zero-Corrosion: Full PP body with no exposed metal hardware ensures zero corrosion.
- Locking Provision: The door has provision for using a padlock to safeguard the content of the cabinet.
- Safety claims backed by third-party certifications for Chemical Spot Test for 49 chemicals listed in the SEFA standards.
