The GREENGUARD Certification Program gives assurance that products designed for use in indoor spaces meet strict chemical emission limits, which create healthier interiors. The certification qualifies for LEED credits and IGBC credits.

In keeping with the Godrej policy of continuous development and improvement, the design, dimension and specification may be updated without prior notice or obligations. Form, Colour and Finish of product in this document are representative of design intent and may vary from actual. Colour options depicted in this catalogue are as close to what modern printing processes allow. All dimensions are in 'cm' and are subject to commercial tolerance. Our products are meant for indoor use only.

Our solutions

At Interio by Godrej, a division of Godrej & Boyce Manufacturing Co. Ltd., we create furniture solutions that work as hard as you do.

With the Interio Labs division, you get furniture built to international standards, designed for everyday efficiency, and built to last - so your spaces perform better, longer.

Our designs bring together functionality, aesthetics, and reliability in myriad spaces ranging from laboratories and hospitals to schools, research centres, and offices. Our products can also be seen in shipyards and navy, auditoriums and stadiums.

Nucleus: A personalised lab

With years of expertise in design, manufacturing and installation of Lab Furniture and engineering solutions, we understand that each lab comes with unique requirements.

Nucleus has been designed as an elemental, flexible Lab system that can cater to the needs of every lab. The modular D-frame based system coupled with contemporary design makes Nucleus a durable, efficient Lab system, the perfect starting point for your new lab plans.

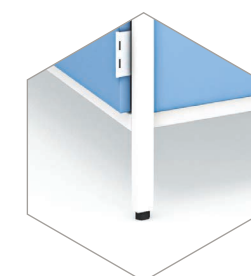

That's why, when you plan your Lab with Nucleus, you can look forward to space optimised solutions, and achieve higher per lob capacity without compromising on usage and aesthetic aspects; and a lab partner for years to come.

Upgrade to an advanced and durable solution

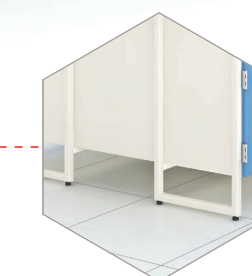

- MS based system, with pure epoxy coating coupled with the phosphating process provides very high chemical resistance
- Optimised footprint
- Fire resistant system
- SEFA compliant
- Safe for use across a wide range of Laboratory setups

Overclosing shutters

Height adjustable levelers

Sleek and strong loop leg

Rust free SS hinges

Ergonomic handles
