Introducing Reserve Plus

— a modular storage solution that keeps pace with the rising demand for clutterfree modern offices using designs that enhance calm, clarity and creativity.

Workplace culture is evolving to define not only how we work, but also the way our office spaces make work better. In this new era, flexible, multi-functional storage systems transform layouts into areas of productivity, collaboration, satisfaction and well-being — all essential ingredients for providing “the great employee experience”.

Recommended Products

Upbeat Workstations

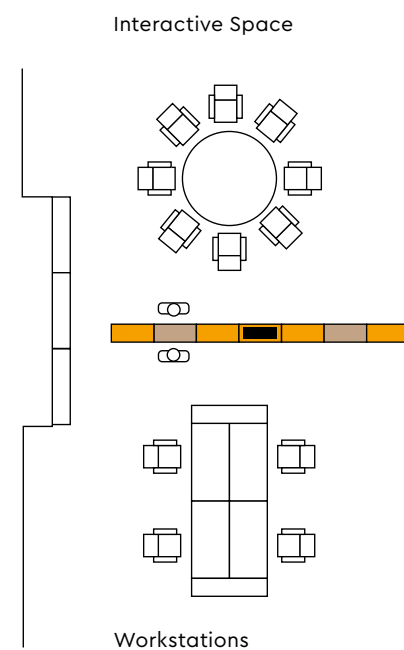

Fluid And Interactive Environments

Today's agile working means employees are no longer tethered to the desk, underscoring the need for flexible workspaces.

With purpose beyond storage, Reserve Plus can be used as freestanding units which act as zone dividers, defining neighbourhoods and interactive spaces for more dynamic workflows.

Zone Dividers

Use Reserve Plus to segment spaces as per activity or function, and create a dynamic workplace.

Standing Tables

Instead of transporting items to and from storage areas to workstations, Reserve Plus offers the convenience of integrating high tables into the storage layout. Like an impromptu discussion space to foster fluid workflows.

Add-on Planters

Reserve Plus comes with the option of an add-on planter box which can house 8"—10" diameter pots. Indoor plants add to the aesthetic of the space and create a sense of well-being by bringing in nature.

Workstation Lockers

Reserve Plus includes a set of low-height personal locker units for aisle application. These locker units not only support regular Cam Lock but also keyless locking options like Numeric, Digital, and RFID.

Modular And Versatile Application

Combine Reserve Plus modular units in a unique manner to add personality to your space while maximising floor space. The system's homogeneous aesthetic gives it a sleek look that blends in with any brand colour, décor style or furniture arrangement.

Choose from an array of configurations — place them together as open shelf displays or alternate them with hinged shutters, and filing cabinets. Units can be accessorised with planter tops or simply collectibles, books and fresh greens.

Locks 3 Ways. Secures Every Way.

Reserve Plus comes installed with a 3-point locking mechanism that additionally secures the top & the bottom of the door, unlike the single-point locking mechanism that secures only the point of placement of the lock.

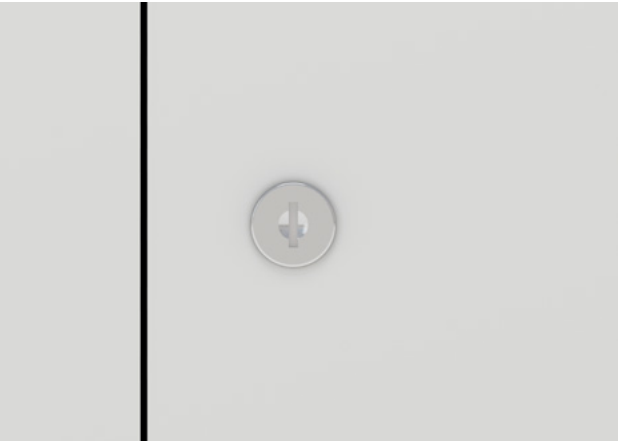

3-Point Locking Mechanism

Reserve Plus' 3-point locking mechanism makes it difficult to tamper with and force open the storage, and can be availed in Cam, Digital and Numeric lock configurations as well.

Cam Lock

This much sought-after locking solution comes in a compact size and can be provided in metal, glass and wooden shutters. Equipped with a click action mechanism and easy key removal in both locked and unlocked positions. Available in all variants of Reserve Plus.

Numeric Lock

Reserve Plus' 4-digit combination numeric locks allow for keyless operation, while providing a master key for management override. Ideal for individual users, and comes with 9999 numeric combinations for added security.

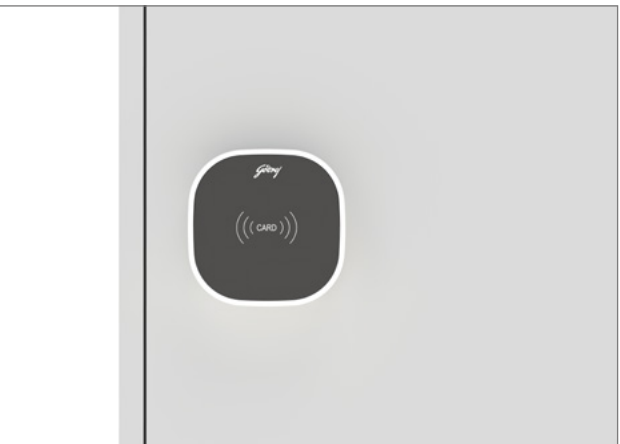

Digital Lock

With 4.2 billion combinations to choose from, Reserve Plus' digital locks are security personified. Allows easy keyless operation, and is suitable for shared, personal, or assigned use. Comes equipped with a micro-USB slot for power bank support.

RFID Lock

Where your access card is the key! Reserve Plus' RFID locks enable secure keyless operations, via key cards. Suitable for shared, personal, or assigned use.
